

MARBLED MINT

TEAM WORKSHOPS

ADD SOME FUN TO YOUR WORKDAY WITH AN INTERACTIVE AND HANDS-ON TEAM BUILDING EVENT.

- We offer a variety of different workshops so you can find one that is just right for your event. Whether florals, succulents, or wreaths, you'll find something to suit all tastes
- We provide both virtual and in-person workshops. Virtual workshops are great for teams consisting of people spread out all over the country and even the world! While in-person workshops are ideal for local teams to connect face to face and build on an interactive bonding experience. For in-person events, we offer **plant bar and bouquet bar** experiences to pair with happy hour type events.
- Our workshop experiences offer each participant to create their own piece of nature art with the help of our expert guide. Choose from our menu of workshops to suit all tastes and help teams spruce up their work spaces with their creations. All our workshops offer step by step instructions, followed by detailed care instructions to keep your plants and flowers happy and loved.

Let's unwind, learn a new skill, and reconnect with teammates no matter where they are located with virtual and in-person workshops.
